Dear Sir:

Pursuant to 37 C.F.R. § 1.56, the attention of the United States Patent and Trademark Office is hereby directed to the references listed on the attached Form PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

The Applicants request that the documents listed on the attached Form PTO/SB/08 be made of official record in the above-identified application and considered by the Examiner. Copies of all listed documents cited on Form PTO/SB/08 are submitted herewith, with the exception of the U.S. Patent Documents, A1-A13, in accordance with the waiver of the requirement under 37 CFR 1.98 (a)(2)(i). While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 C.F.R. § 1.56, it is not intended to constitute an admission that any patent, publication or other information referred to therein constitutes prior art under 35 U.S.C. §§ 102 or 103.

In accordance with 37 C.F.R. § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 C.F.R. § 1.56(a) exists. It is submitted that the Information Disclosure Statement is in compliance with 37 C.F.R. § 1.98.

No fee is believed to be due under 37 C.F.R. §1.97(b) because this statement and Form PTO/SB/08 are being submitted before receipt of a first Office action on the merits in the above-identified patent application. Should the Patent Office determine that a fee is due for consideration of this Information Disclosure Statement, however, the Patent Office is hereby authorized to charge that fee to Deposit Account 13-2855.
